IMPORTANT: You can have a minimum amount of info on your listing and it will still be effective. We do suggest that you display as much information as you can to your prospective vendor space renters. The more info available to them about your property, the less face and phone time you'll need to devote... Answering the same questions over and over can be tedious, i.e. - "where do I go to get my license?", "who collects sales tax?", "is there RV parking on your lot?" amongst others! We will upload all of this info on your listing at no extra charge; all you have to do is supply it to us... **Please feel free to call Tim at (386)290-6528 with any questions.**
